EMBASSY 1230.

During brief call on Mrs. Neir in New York on June 17 she raised subject of Richardson. Ambassador Cosca participated in part of this conversation.

1. Mrs. Neir noted the possibility of a Ben-Gurion-Trondizi meeting but indicated there was as yet nothing definite on this.

2. Cosca reviewed his conversation with Barco (USUN sent Department 1405) and stressed that he had emphasized that formal negotiation process between the parties had not been "abandoned". Cosca reported on possibility of the Security Council taking action on Richardson. Mrs. Neir made comment her being copied on this.

3. Both Mrs. Neir and Cosca commented on the report with which the ILO had taken the number of 1405. In this connection they seemed to feel that Barco was a particular concern, as it was believed that he "tried to make a name for himself" by being "spared the responsibility of being a judge in the International Court. They noted with some asperity that just as well that two agents will be considered a "double agent" by the Argentine Foreign Office", that there was "no record" on him, and that he had even been mentioned in "Argentia" on radio, and that he had even been mentioned in "Argentia" on radio.
